

Bader Sami Alkhamees

Software Engineer

✉ bader.ccsit@gmail.com ☎ +966546098886 📍 Dammam, Saudi Arabia 🔗 My-Website

🌐 LinkedIn 🔄 GitHub 📜 Certifications

Objective:

Fresh Computer Science graduate from King Faisal University with a strong academic foundation and practical experience in full-stack development, and AI. Completed a six-month cooperative training at Innosoft, delivering real-world web applications and AI-powered systems. Eager to contribute technical expertise, problem-solving skills, and creativity to innovative software projects.

Education:

College of Computer Science and Information Technology, King Faisal University

01/2026

- Major: Computer Science
- GPA: 3.98/5
- Fresh Graduate: 2026

Relevant Courses:

- Advanced Software Engineering
- Software Security
- Web Penetration Testing
- Advanced Programming Languages (.NET Framework)

Professional Experience

Software Engineering Intern (Co-op), Innosoft | Saudi Arabia ✉

06/2025 – 12/2025

- Developed and maintained **full-stack web applications** using **NestJS, Flask, React, Vue.js, and PostgreSQL**.
Dammam, Saudi Arabia
- Led backend development of **InternHub**, an internship management platform with secure authentication, role-based access control, and RESTful APIs.
- Built an **AI-driven sentiment analysis middleware**, supporting bulk submissions, secure file handling, and JWT-based authorization.
- Contributed to **Watheh**, implementing authentication, video upload and streaming (MinIO), discussions, notifications, and an admin moderation panel.
- Customized **ERPNext/Frappe** workflows by configuring DocTypes, permissions, and backend-integrated business processes.
- Improved performance, fixed bugs, optimized database queries, and prepared systems for deployment.
- Participated in **Agile development**, sprint meetings, documentation, testing, and technical presentations.

Technologies: NestJS, Flask, React, Vue.js, PostgreSQL, MinIO, Docker, ERPNext, Frappe, JWT, Git, REST APIs

Skills:

Programming Languages

Python (Flask, Django), Java, C++

Cybersecurity

Network Security, Ethical Hacking, Cryptography

Database Management

MySQL, PostgreSQL

AI & Machine Learning

TensorFlow, PyTorch, Scikit-learn

Web & Mobile Development

HTML, CSS, JavaScript, React, React-Native, Vue.js, NestJS, REST APIs, JWT Authentication

Tools & Technologies

Git, Linux, Docker, MinIO, ERPNext (Frappe), Virtual Machines

Projects:

AI-Based Food Classification & Calorie Estimation

- Developed a food classification model using ResNet50 and the Food-101 dataset.
- Integrated USDA API to fetch nutritional information based on predicted food items.

Watheh

- Built a YouTube-like platform allowing users to upload, edit, and delete videos, with a discussion feature, enabling users to create and join group-chat-style discussions for interactive participation.

Swalif

- A cross-platform social networking mobile app enabling secure group chat creation, real-time messaging, media uploads via MinIO, and user relationship management with bilingual UI and dark mode support.

Hamlny

Built a responsive media downloader web app with Flask REST API backend and React frontend, implementing yt-dlp integration for multi-platform video/image downloads from YouTube, Instagram, and other social platforms.

Internal File Transfer Server using Local IPv4

- A cross-platform file transfer tool using Flask and Tkinter, featuring a local web server for file uploads/downloads, QR code access, and a user-friendly GUI for server control.

Movie Recommendation System

- Built a recommendation system using scraping techniques and machine learning models.

Hotel Management System

- Developed a hotel booking application using Python and Flask.

More projects are available on my GitHub page

Certifications & Courses:

- | | | |
|--|---|---------------------------------------|
| • IT Essentials CyberHub (Cisco) | • CCNAv7: Introduction to Networks CyberHub (Cisco) | • CyberOps Associate CyberHub (Cisco) |
| • اعمل بذكاء أكبر لا بجهد أكثر : إدارة الوقت الشخصي والمهني (Coursera) | | |

Languages:

Arabic

Native

English

Very Fluent - Almost native

Extracurricular Activities:

- Member of the AI & Cybersecurity Club at the College
- Founding and active member of the Peer Tutoring Interactive Club at the College
- Participated in many of the University Coding Workshops
